

SCYC/RESCATE FISHING TOURNAMENT

SAN CARLOS, MEXICO. **MAY 30TH - JUNE 1ST**

Weather forecasts for the up coming weekend indicate flat warm seas , ideal conditions for the 14th Annual San Carlos Yacht Club / Rescate Tournament.

Last year was spectacular with record numbers of Bill fish caught , conditions appear to be aligning for a similarly exciting event this time.

This Tournament has added an element , a “Dorado Derby”.

Based on the numbers and sizes of Dorado caught over the 23rd-26th May in local San Carlos seas there are plenty of Dorado !

First time entrants and boats are encouraged along with returning fishers - come to San Carlos for a wonderful weekend of fishing and fun.

Sponsored by the San Carlos Yacht Club and Rescate (the donation funded EMT and Rescue service) proceeds go towards helping both after payouts of prizes etc.

Registration is May 30th at the San Carlos Yacht Club, the tournament concludes on Sunday June 1st

Please read the Fishing Tournament Guide (available on the website – see below) as both the jackpots and the rules have changed significantly from last year – we want a well-run tournament and don’t want you to have any surprises.

Come fish the winning waters of the Gulf of California in San Carlos, Mexico Everybody is welcome - first timers and returning friends - a great weekend is promised.
