# FISHING TOURNAMENT

---

## New This Year - Dorado Derby !!

Building on last year's very successful tournament, the 2014 event has added a Dorado Derby to increase the competitive spirit and also added a new first time entrant category to the regular tournament classes. First time entrants may elect to only fish the first time entrant category, or they can also participate in the main tournament as well as the Dorado Derby.

Last year's results where record numbers of close to 400 Billfish were caught by 16 boats over the 2 day tournament at San Carlos Mexico, was the start of a year of excellent fishing all-round.

Now the warmer weather and water is returning, excitement is building towards the first major tournament this year, will day one exceed last year's staggering 182 Bill Fish released !!

Registration is May 30th at the San Carlos Yacht Club, the tournament concludes on Sunday June 1st

Teams from various states are expected and hopefully some international visitors may join the fun. The tournament provides an opportunity to raise much needed funds for the local "Rescate" or ambulance service and EMT's who are all privately funded - no government input.

Come fish the winning waters of the Gulf of California in San Carlos Mexico Everybody is welcome - first timers and returning friends - a great weekend is promised.
